TRIBUTE PORTFOLIO

OVERVIEW

Hotel Katajanokka is a unique lifestyle hotel in Helsinki where chic design, uncompromised comfort and personal service meet in a historic former prison setting – a short walk from the city. Inside the old brick walls, a fascinating world of contrasts opens up - a modern premier-class hotel built in a historic prison setting.

The rooms at Hotel Katajanokka are carefully reconstructed from original cellblocks, with design and decor that makes no compromises on functionality and comfort. Purpose-built for privacy and peace, the metre-thick brick walls make the rooms very quiet, ensuring a good night's sleep. Whilst the tall ceilings and individually adjustable cooling system add on to the airy and spacious vibe, the triple-glazed windows keep the hustle and bustle of the city outside. All our room rates include Wi-Fi, free use of our 24-hour gym and a complimentary weekend sauna.

LOCATION

Directly connected to the city center over a small canal, Katajanokka is an urban island admired for its magnificent Jugendstil art nouveau architecture, well-maintained modernist landmarks and industrial former harbor buildings. Under ten minutes from the hotel are the wood-decked outdoor Allas Sea Pool, marine spa and saunas, and parks. The city center is within easy walking distance, where independent restaurants and design shops are waiting to be discovered.
